

Rocky DEM

Rocky Discrete Element Modeling

5 & 12 November 2020

Agenda

Day 1 – 5 Nov	Rocky Discrete Element Modeling Session 1
14:00 - 18:00	<p>Rocky DEM Product Overview</p> <p>Introduction to Discrete Element Modeling</p> <p>Workshop 01 – Transfer Chute</p> <p>Basic Physics Modeling</p> <p>Workshop 02 – Angle of Repose and Drawdown Angle Verification</p>
Day 2 – 12 Nov	Rocky Discrete Element Modeling Session 2
14:00 – 18:00	<p>Particle Shapes</p> <p>Post Processing in Rocky DEM</p> <p>Workshop 03 – Vibrating Screen</p> <p>Advanced Models</p> <p>Workshop 04 – SAG Mill (Wear and Particle Energy Spectra)</p>
